SUNRISE  MONOGRAM
SENIOR LIVING A COLLECTION BY SUNRISE
Sunrise Achievements

American Health Care Association / National Center for Assisted Living Quality Awards

- From 2015 through 2020, Sunrise communities across the United States received more than 340 National Quality Awards, more than any other assisted living provider. The National Quality Award Program recognizes long-term and post-acute care communities across the United States that have demonstrated their commitment to continuous learning and improvement.
Sunrise Achievements

Recognized by Great Place to Work in 2021

- The For All Methodology builds on the Trust Model by ensuring that every single employee, no matter who they are or what they do for their company, has a consistently positive experience at work.
- Great Workplaces For All are able to maximize their human potential through effective leaders, meaningful values, and a deep foundation of trust with all employees. When those are in place, these workplaces benefit from improved innovation and financial growth.
- For All means everybody can create, everybody is connected, and everybody can contribute their best.

Alzheimer's Association®

- Sunrise's memory care training designed for team members was recognized by the Alzheimer's Association® (AAIC) in 2020.
- According to the certification statement from the AAIC, our training was recognized for “incorporating the evidenced-based Dementia Care Practice Recommendations in the following topic areas: Alzheimer’s and dementia, person-centered care, assessment and care planning, activities of daily living, and behaviors and communication.”
Sunrise adds value to the communities it serves

Sunrise would provide highly demanded and quality service for up to 112 seniors at any given time and 1,000s over the life of the project. Create about 90 local jobs (including for graduates of local nursing programs).

Sunrise communities add aesthetic value, integrate into their surroundings, and share architectural and thematic elements with their community.

Sunrise buildings are carefully designed with top architects and engineers and a specialized in-house design and construction team with a proven record of excellence.

Sunrises are extensions of the community they serve. Sunrise engages the community through resident enrichment programs with local schools, religious and community programs as well as local artists, musicians, and activity leaders.

Sunrise’s "Living with Generosity" program helps seniors give back to the community, for example via assembling lunch bags for local shelters, baked goods for local police and fire, baby blankets for local hospitals, treats for local dog shelters, and intergenerational activities with schools.
